

Dear Members,

It seems that Albertans will be celebrating Christmas in a rather subdued way this year. The pandemic now appears to be well into its second wave, and we are experiencing further restrictions from Alberta Health Services. Central Lions has been advised by Alberta Health Services to halt all indoor group fitness and sports activities for two weeks **effective Friday, November 13th**, and will be closed to members until **November 30th**, with the situation to be reassessed at that time.

Your Zone 6 **Executive have decided** that it is in the best interest of all of us (as a vulnerable group) **to postpone our Zone 6 Annual General Meeting indefinitely**. We will keep abreast of the situation, and once pandemic threats have subsided, and we are allowed to interact with each other once again, we will set a new date for the AGM, and the membership will be advised.

We are saddened by this news, but support the decisions made by Alberta Health Services to limit the spread of the virus. In the meantime, we wish you all an early Merry Christmas, and very good health and happiness.

Stay Safe...Forward Together

Caroline Anker, President, Zone 6
